CRL **Jamb Mounted Hinge Kits**

Our Jamb Mounted Hinge Kits let you provide an 'all-glass' look shower door in an easy-to-install configuration. Water leakage around the door is minimised with the use of extruded aluminum jambs with vinyl for both the hinge and strike sides, and a clear vinyl sweep for the bottom. Kits come in your choice of three of our most popular finishes, with glass cut-out templates and installation instructions enclosed.

STANDARD HINGE KITS

For 8mm to 12mm Toughened Safety Glass.

View	Cat No. / Description
For 10mm and 12mm glass	**Cat. No. MA06R**XX Right Hand For 10mm door and 12mm fixed panel
For 8 and 10mm glass	**Cat. No. MA07R**XX Right Hand For 8mm door and 10mm fixed panel

View	Cat No. / Description
For 10mm and 12mm glass	**Cat. No. MA06L**XX Left Hand For 10mm door and 12mm fixed panel
For 8 and 10mm glass	**Cat. No. MA07L**XX Left Hand For 8mm door and 10mm fixed panel

IMPORTANT ORDERING TIPS:
The MA06 and MA07 Hinge Sets are supplied complete with two Hinge/Clamps. When an order is placed for either the MA06 or MA07, one Hinge/Clamp for the top and one Hinge/Clamp for the bottom will be provided. The Hinge Sets are ordered as "Left Hand" or "Right Hand", as viewed from the outside of the shower. As an example, an MA06L is a set of both top and bottom hinges mounted to the left side of a door, when viewed from the outside of the shower. An MA06R is a set of both top and bottom hinges mounted to the right side of a door, when viewed from the outside of the shower.

Support &
Towel Bars

Our range of Support Bars comes in a variety of lengths and finishes, suitable for different glass thicknesses, to enable you to create your perfect bathroom space.

Our range of Towel Bars will add a touch of elegance and class to your bathroom. Constructed of tubular brass, CRL's Towel Bars ensure your door installations will last for a long time as their lightweight properties help to keep the weight of the door hardware to a minimum.

All CRL Frameless Shower Door Hardware has consistent finishes and will instantly add a look of quality to the appearance of your enclosure, and with proper care and cleaning, will remain beautiful for years to come.

For details please see the flip out chart at the rear of this brochure or visit crlaurence.com.au	**Cat. No. TUBE3472XX** Thru-Glass to Wall Rod Requires additional fitting for wall attachment i.e. S3 or S12

Through-Glass Mounted Support Bar

The Through-Glass Mounted Support Bar creates a means of support that strengthens an enclosure's structural integrity. It may be used in place of a header in certain applications (call for details) and can be mounted to a wall, ceiling or glass-to-glass. Supplied Bar is 991mm long, requires a 16mm hole in the glass, and comes in finishes to match our Hinges and Pull Handles. All mounting hardware included.

View	Specification	Cat No. / Description
	Choice of wall/ceiling mount or glass-to-glass mount Helps strengthen structural integrity of shower enclosure Stocked in numerous finishes, with custom finishes available 991mm bar length, 1.08M overall length All mounting hardware included	**Cat. No. SUP135XX** Wall Mount **Cat. No. SUP135G2GXX** Glass-to-Glass Mount 16mm ø hole required

Mitred Support Bar Bracket

The Mitred Support Bar Wall Mount Bracket is designed to attach to the wall by slipping over a screw mounted stud that is secured into the wall. Perfect for an inline panel needing to be secured to an adjacent wall for stability. The Bracket comes in matching finishes, and fits any of our Fixed Panel Support Bars. Mitre of Bracket ensures flush fit against wall.

| View	Specification	Cat No. / Description
Cat. No. SBB45 **Cat. No. SBB22** 45° Bracket 22.5° Bracket	A great solution for inline enclosures requiring fixed panel support when a header is not desired Can replace a fitting on the end of a stock support bar Attaches to wall easily via a screw-mounted stud Available in many popular finishes	**Cat. No. SBB45XX** 45° Bracket **Cat. No. SBB22XX** 22.5° Bracket

GLASS THICKNESS
6 to 12mm

These Fixed Panel Support Bars stabilize fixed panels of glass in enclosures that do not go all the way up to the ceiling. Bars are available in two lengths, and in sizes to secure 6mm to 12mm thick glass. Finishes are available to match most of our hinges, knobs, and pull handles. No holes or cut-outs are required in the glass.
