CRL WINDSCREEN SPIGOTS

FOR FRAMELESS GLASS POOL FENCES, WINDSCREENS, AND STAIR RAILINGS

NO GLASS FABRICATION REQUIRED

- **The Perfect Hardware System for the Construction of Beautiful and Sturdy All-Glass Pool Fences, Windscreens, and Stair Railings**
- **Offered in Both Core Mount and Surface Mount Models in Two Attractive and Durable Stainless Steel Finishes for Interior or Exterior Use**
- **Round or Square Style Models With Matching Finish Garnish Rings**
- **Suitable for 12 mm Thick Toughened Glass With No Glass Fabrication Required**
- **Engineering Compliance With AS1170.1-2002 for Core Mount Spigots**

Our **Friction Fit Spigots** are the perfect fit when you want to construct beautiful and sturdy all-glass pool fences, windscreens or stair railings. Both Core Mount and Surface Mount models secure the 12 mm thick toughened glass with no glass fabrication required, meaning a reduction in glass processing costs and a smoother installation. Each Spigot comes with a matching finish garnish ring to conceal the fixing points. They're fabricated from Alloy 316 low carbon grade stainless steel to stay attractive even if exposed to the elements in outdoor installations. They're the next "step-up" in all-glass hardware for pool fencing, windscreens, and stair rails, and are sure to be very popular for residential and commercial jobs.
