

TOYO TOOLS

Introducing the Toyo Trac Wheel Supercutter®

The Toyo TC-70 Trac Wheel Supercutter features a revolutionary new wheel with micro-notches on the cutting edge. The notches, measured in microns, provide traction to reduce wheel skipping. The result is a cleaner, complete score and increased wheel life.

The TC-70 is available with a straight or pattern blade and will be similar in price to other

Toyo Supercutters. Replacement Trac Wheel blades will be available for most handle styles.
